DREAMS. SKILLS. JOBS.
PWA
PORTLAND WORKFORCE ALLIANCE

Tuesday, March 17, 2015

9:00 am – 2:00 pm • Oregon Convention Center

DREAMS, SKILLS, JOBS

Our Mission: *The Portland Workforce Alliance builds enduring partnerships between local businesses and Portland metro high schools. By providing students with real-life work experiences and career-learning opportunities, we enrich their academic knowledge, inspire them to graduate and help them make informed choices after high school and college. PWA paves the way for young people to find good careers and contribute to the economic vitality of our region.*

PORTLAND WORKFORCE ALLIANCE

The Portland Workforce Alliance is an independent nonprofit that sees young people as the key to our region's long-term economic prosperity and quality of life. We work with local employers to educate students about career opportunities as part of a strategy to boost Oregon's graduation rate and build a resilient, prosperous and well-educated workforce.

The **NW Youth Careers Expo**, now in its 11th year, is one way PWA connects high schools to businesses. We also provide career days, mentorship programs and classroom presentations that:

- **EDUCATE** students about career opportunities and the skills and education needed to be successful;
- **MOTIVATE** students to stay in school and make informed, inspired choices about their future; and
- **HELP** employers meet their future workforce needs.

Thank you to our sponsors, exhibitors and high schools for making this 11th annual **NW Youth Careers Expo** a success. Connect with us to continue your involvement throughout the year.

MOCK INTERVIEWS

More than 100 volunteers from the world of human resources management offer mock interviews for students at the EXPO. These industry professionals work with students and offer positive, constructive feedback that will help students shine in future interviews for jobs or college admission.

Tip 1: Bring your resume for review.

Tip 2: If there are long lines in the morning, come back after 11 am, if you can.

A great place to work and play

Help build community!

Many kids on the rez grow up being taught by non-Natives. They don't have a role model to show them their culture and teach them about their tribe and why these things are important. So a lot of those kids end up in trouble. I know, I was one of them. Now I want to get my degree so I can work with kids and make them excited to stay in school.
