## PORTLAND WORKFORCE ALLIANCE

PORTLAND WORKFORCE ALLIANCE is an independent nonprofit that sees young people as the key to our region's long-term economic prosperity and quality of life. We work with local employers to educate students about **college and career opportunities** as part of a strategy to boost Oregon's graduation rate and build a well-educated workforce.

The **NW Youth Careers Expo** is one way PWA connects high schools to businesses. We also provide career days, mentorships and other opportunities that:

- **EDUCATE** students about career opportunities and the skills and education needed to be successful;
- **MOTIVATE** students to continue their education and make informed, inspired choices about their future; and
- **HELP** employers meet their future workforce needs.

Thank you to our sponsors, exhibitors and high schools for making this 13th annual **NW Youth Careers Expo** a success.

## Aim for the stars with Code2Career

CDK Global is one of the largest technology providers to the automotive industry. We're fast, we're modern and we're innovative. We're solving problems that haven't even been considered yet!

Are you a high school student with a passion for cool tech? Code2Career – our 8-week paid summer internship program – might be right for you.

Interns get to work with our own CDK Global engineers to help to engineer the next generation of enterprise class software solutions, utilizing a broad range of the latest technologies. As an intern you'll get an inside look at some of CDK Global's most exciting emerging technologies, network with professionals, enjoy our fun culture and have the chance to create an end-of-internship project and present it to the leadership team.

# We're All About Sports. And Then Some.

Nike does more than outfit the world's best athletes. We are a place to explore potential, obliterate boundaries, and push out the edges of what can be.

We look for people who can grow, think, dream and create. We thrive in a culture that embraces diversity and rewards imagination. We seek achievers, leaders and visionaries. At Nike, it's about bringing what you have to a challenging and constantly evolving game.

As the world's largest sports and fitness company, we also go beyond the game to work with communities and cultures around the globe.
