

Hi!

We are thrilled to meet you for the PWA Career Day!

Here's a little about ourselves :)

Tim Hildebrandt (Director of Finance)

If my colleagues were to describe me, they'd probably first say that I'm a Beaver through and through. You guessed it, my favorite colors are orange and black. While at OSU I studied Accounting, Finance and International Business. I've worked in public accounting and now enjoy being the Director of Finance here at Simple. During my free time I love running in the mornings, raising tomatoes during the summer and working at my family's vineyard. Grapes are awesome!

Mariane Diaw (Financial Analyst)

I was born and raised in Dakar, the capital city of Senegal. During grade 11, I was selected to join the United World Colleges with a full scholarship. After two years of school in UWC Canada, I earned the International Baccalaureate Diploma and was awarded a Davis Scholarship to enroll at Lewis and Clark College. I graduated with a bachelor degree in Economics and Math. I enjoy spending time with my friends whether it be shopping or trying some of the amazing food Portland has to offer. I believe that eating is a great way to discover new things about a culture. I love the sun and like to appreciate it by going to Saturday Market on the

weekends!

Sergio Ibarra Bolaños (Spending Plan Manager)

Father of a teenager and a toddler (they're the reason I lost my hair). I love cycling, soccer, Duck football and triathlons. In between those activities I love cooking paella, reading science fiction and listening to podcasts like Radilab and Invisibilia. I've lived in Mexico, France and the US and bring all these experiences to work, where I manage the resources (i.e. money) for the Simple.
