CONSTRUCTION PROJECT MANAGEMENT BUILD & DESIGN

DECEMBER 13, 2019

Dream of a career in construction management?

Go **behind the scenes** with Howard S. Wright to see Portland's booming construction industry! Learn what it takes to build impressive buildings, highways, bridges, and railway and water projects.

Do **hands-on activities** (such as building information modeling, bidding & project management, immersive 3D/4D virtual reality), then **tour a construction site** to see those plans come to life. This year, students will visit two nearby worksites: the **Ritz-Carlton** and **Moxy** hotel projects. Students should wear comfortable, closed-toe walking shoes.
