CONSTRUCTION PROJECT MANAGEMENT BUILD & DESIGN

DECEMBER 8, 2022

Dream of a career in construction management?

Go **behind the scenes** with Howard S. Wright to see Portland's booming construction industry! Learn what it takes to build impressive buildings, highways, bridges, and railway and water projects.

Explore careers in construction management & the trades. Learn from industry pros about areas such as building information modeling, bidding & project management, and virtual reality, then do hands-on learning and tour a construction site to see those plans come to life. This year, students will visit the nearby Ritz-Carlton hotel project. Students should wear comfortable, closed-toe walking shoes and warm clothing.
